How to Compare Nursing Homes in Your Area

At this time, we cannot recommend a specific nursing home, since every facility has both good and bad stories.

However, you can easily compare nursing homes in your area through Medicare's official website:

1. Go to: www.medicare.gov
2. In the search bar, type: Find and Compare Nursing Homes
3. Click: Search
4. Select: Medicare Nursing Home Compare
5. In My Location enter: Webster, NY
6. Click: Search
7. Under Distance choose: Within 50 miles
8. Click: Apply

This will give you a list of nursing homes, their rankings, and details to help you make the best choice.
